

New WirelessUSB™ Numeric Keypad

(SKU#637)

Product Highlights

Description: The Wireless Micropad 637 is the newest addition to our keypad family. Not only does it enable notebook users to speed through number crunching with ease; it does so without the hassle of wires in your desk space. Built with high quality Cherry key switches, the keys are durable, yet light and easy to press—a feature lacking on lesser quality keypads. As a bonus feature the utility application, GenCalc (calculator software), has been included with the software driver diskette.
